

MINUTES

Sports Communication Interest Group—Central States Communication Association

Madison, WI

March 30-April 2, 2022

(Minutes were not submitted for this meeting. These are reconstructions without details in terms of authors of motions or some specific detail.)

Meeting was called to order by Chair David Wendt.

Minutes from the 2021 business meeting were approved.

Elections were held—Linsay Cramer from Carolina Coastal University was elected Secretary.

The group discussed the programming and planning for the Madison conference. A small number of submissions were received but papers were strong. Three programs were scheduled, including our business meeting. Additionally, a short course on teaching sports communication was scheduled. Winners were selected for both top paper and top student paper awards.

The group brainstormed ideas for papers and programs for the 2023 St. Louis conference. The theme is *Intersections, Transitions, and Silenced Voices*. The conference will be at the Hyatt Regency Downtown March 29-April 1. Suggestions included taking advantage of St. Louis sites and history. There was also some talk of an excursion for interest group members.

The meeting was adjourned by Wendt.
